I understand, as legal owner of the above property, that I am responsible for all water and sewer charges and that these charges are subject to late penalties, service charges, service disconnection, and property liens. Failure to pay these charges may result in foreclosure as prescribed by the laws of the State of Washington.

To ensure billing accuracy, it is my responsibility to notify the District of any billing information changes in a timely manner prior to its effective date. If the District is not notified of such change prior to its effective date, a prorated bill will be generated based on the notification date. It will be the property owner's responsibility to resolve any proration issues with the tenant.

I understand that water and/or sewer base charges will continue to accrue, and water and/or sewer services will continue even when my property is vacant.
